Today 9-4-15 I was stopped at the light on Hwy 9 and Sober Hill, when I was struck from behind, I could see in my side rear a Silver Car with a Brown Haired girl Heavy Set, with a Dark blue shirt I had slammed into the Silver Camery in front of me pretty hard in the collision, the man in the passenger front exited the vehical and came my way, as he did so the gal who ~~had~~ struck me began to reverse because I felt a tug, she then pulled beside us, while the man was standing between our two vehicals, she then took off, I could see it was an acrua and the first 3 of her plate were either 548-568 I yelled out of my window to the car ahead I had struck "She's leaving, she's leaving" they did not

hear me, I was scrambling to find my phone to call 911, I yelled out my window again, "Did you get her plate number?" the gal in the back seat told me to hold on they were calling 911, I responded "we should pull over" I then reversed off of their bumper and we pulled over to the left onto Sober hill, we got out of our cars, it was then I realized they hadn't even realized I'd been hit as well, and they didn't see or have any information in regards to the other car. When I look at my rear I believe my tow hitch is now missing, and my bumper is bent, the front of my car has a dented licence plate, the car I hit is pretty badly dented in the rear.
